TOTAL (60 semester credits required)

ASSOCIATE OF GENERAL STUDIES DEGREE

This degree is designed for students who want to complete a broad program of both career and transfer courses without specialization. Transferability of the Associate of General Studies Degree depends on the courses taken and the requirements of the receiving institution.

IMPORTANT NOTES

- **A minimum of 15 credits must be courses approved as part of the Colorado Guaranteed Transfer Program (gtPathways).** These 15 credits can come from any category within the 60 credits for the AGS degree. If you completed a course before it became effective as a gtPathways course, the institution to which you transfer has the option to accept it or not accept it. For more information and the most updated list of gtPathways courses, visit <http://higher.ed.colorado.gov/Academics/Transfers/gtPathways/curriculum.html>
- This degree worksheet is subject to change. Please work closely with an advisor to create your academic plan and ensure a successful experience at FRCC.
- Credits transferred to FRCC are not official until evaluated by Admissions & Records.
- An absence of 12 months constitutes a break in enrollment and invalidates this review and possibly this plan of study.
- Many courses that meet requirements for the AGS are not typically transferable to four-year institutions. If completing the AGS with the intention of transfer, students are strongly encouraged to work with both an FRCC advisor and the intended transfer institution.
- To check your degree status, go to your e-WOLF account, click on Degree Check, and review your progress toward your degree.

ADDITIONAL GRADUATION REQUIREMENTS FOR ASSOCIATE OF GENERAL STUDIES DEGREE

- No developmental courses may be applied to this degree
- Minimum Grade Point Average 2.0; only grades of "C" or better may be applied to this degree
- Minimum 15 degree-applicable semester credits must be completed at FRCC
- Submit graduation application, transfer credits, and credit for prior learning to Admissions & Records by published deadline.
- Continuing students who have not had a 12-month lapse in enrollment will be allowed to use the requirements listed in any catalog published while continuously attending the college.
- Generally, credits accepted in transfer will be less than 10 years old, though all credit which is not outdated or obsolete, and is applicable to the student's degree program, may be accepted. The final determination of acceptance of credit based on content and age of the credit is made by the appropriate college instructional department and instructional dean.

Refer to the college catalog and website for complete information about this degree and other academic matters.
